

## 10. Międzynarodowy Kongres n.t. Nauczania Matematyki The 10th International Congress on Mathematical Education

Under the auspices of ICMI (International Commission on Mathematical Instruction) the 10th International Congress on Mathematical Education, ICME-10, will be held in Copenhagen, Denmark. July 4-11, 2004.

The aim of the ICME congresses is to:

- Show what is happening in mathematics education worldwide, in terms of research as well as teaching practices
- Exchange information on the problems of mathematics education around the world
- Learn and benefit from recent advances in mathematics as a discipline

ICME-10 hopes to attract 3000-4000 researchers in mathematics education, mathematics educators, including teachers, and others working within the educational system, from around 100 countries.
